If there are more than three authors, you may choose to list only the first author. Remember that for an in-text (parenthetical) citation of a book with no author, when using APA format, follow the author-date method of in-text citation. This means that the author's last name and the year of publication for the source should appear in the signal phrase or in parentheses in the text.

For three authors, give all last names in the first citation in the text. There are slight differences depending on which style you are using.

For example, in a scientific report following APA style, a report contains three sources that must appear in the references list in alphabetical order by the author's last name. Q. I'm trying to cite an indirect source with multiple authors in APA style but am having trouble. Your Reference list will contain the article you read, by Linhares and Brum. APA in-text citation style uses the author's last name and the year of publication, for example: (Field, 2005). For direct quotations, include the page number.
your reference list will be very know that references in APA Style are cited in text with an author–date system (e.g.). There are two elements of the APA format: the in-text citation and the list of references. For a work with two or three authors, give all authors' names in both. Examples of referencing in APA (6th ed.): Use this document, the in-text format setting lists all three authors in the first occurrence of the reference but the list. If you refer to a work in the text of your paper, place the author's last name and the year of APA Referencing Style. 3. Updated 10/12/2014. Reference list. APA style uses an author-date format for in-text citations. If there are between three and five authors of a work, use all the authors' names the first time you. Assistance in completing an MLA Works Cited page or an APA References list. If a work has three authors, format their names and the page reference. If a reference has four or more authors, display the first author and add 'et al' to reflect. Firstly, we need to open the APA style for editing using the CSL Editor. 3. From the example citations that are provided, we can see that 'et al' is already. Last Updated: Jun 6, 2015 URL: libraryguides.medaille.edu/apa Print Book - Three or More Authors Subsequent in-text citation: (Bor et al., 2009). In APA format the et al. citation style is used only after all the authors
APA style uses the author-date in-text method of citation: the last name of the author and the year of publication. Three, four, or five authors (List every author the first time. APA style requires both in-text citations and a reference list. When a work has three, four, or five authors, cite all authors the first time the reference occurs.
